

Queen's University presentation Enrichment courses: grades 6 to 11

The Enrichment Studies Unit (**ESU**) at Queen's University is offered to above average and gifted students in Grades 6 to 11; see <http://esu.queensu.ca/>. The core courses are

- the Enrichment Mini-Course (**EMC**) is a one-week Residential Program for high school students
- the Seven-Eight Enrichment Days (**SEEDS**) is a four-day program for grade 7 & 8 students, to study a subject of their choosing at an advanced level.

These residential programs simulate a "Total University Experience" with students staying on campus in residence for the duration of the program, eating breakfast and dinner each day in the cafeteria, as well as participating in extra-curricular activities each afternoon and evening.

ESU can provide financial support for students - bursaries are awarded based on financial need of the applicant.

Join us Thursday, February 17, to learn more
